PREFERRING THE STATE BANK SYSTEM. A NATIONAL BANK PROPISES TO WITHDRAW-

PLANS FOR CLEAPING STOCKS. The officers of the Union National Bank are con ildering the expediency of withdrawing it from the lational system. The stockholders who called at the bank yesterday to receive their dividends were requested to excress their opinions in regard to the asure. The U-ion Bank is well known as the favorite back of the members of the Stock Exchange. Its daily exchanges are very large and its certifications amounted, just before the recent order derived from stock brokers. The project to with-draw from the National Bank system and to return to the less inknown restraints of the State laws has not been decided upon. Other banks are said to be considering the rodey of this course but have not considering the rolley of this course but have not taken measures yet to bring the matter before their stockholders.

ascen measures set to oring the matter before their stockholders.

It is thought doubtful if any plan for the clearance of stocks will be adopted by the conference committee appointed recently by the Stock Exchange and the banks. The obstacles in the way of a clearing house for stocks are considered insoperable, and the methods in vogue in European countries are thought unsuitable to American ways of business. Among the other devices which have been suggested is the establishment of a bank by the members of the Exchange with a cauttal of \$5,000,000, or \$10,000,000. This bank, it is proposed, shall occupy the same relation to the exchange that the Gold Exchange Back has to the Gold Exchange. The proposal has not met with much favor from the members of the Stock Extended that it was extremely doubtful if any change in the methods of doing business would be accomplished at present.

# A FAILURE IN THE FUR TRADE.

The firm of Isider & Hein, manufacturers and wholesale dealers in fur- and caps at No. 62 Greenst., made yes erday an assignment for the benefit of their creditors to Edward Stieglitz. The total liabilities are estimated at \$150,000, the following heing the referred creditors: M. L. Steglitz & Co., \$21,600.28; Habbs. Steglitz & Co., \$41,7572.97; Theodore Katz, \$4,800.45; L. Sus, \$4,100.40; J. Moyer & Co., \$2,645.58. The insectedness is mostly in this city, and the farm asserts that the creditors will receive at least 90 per cert of their claims, and probably be raid in full. The firm has been in existence since 1865, and it is believed that they will be able to continue the business after a menting of the creditors.

# CHARGED WITH ARSON.

A long examination in the case of Augustus Still. marker, charged with setting fire to his shoe store marker, charged with setting fire to his slace store at No. 247 Festh ave., was had before Justice Flammer at the Jeff from Market Police Canri yesterslay attenuese, but no facts in addition to those hereofore published were developed. There was no tessitive evidence snowing that Sullianeker set fire to the place, the testimony throughout being circumstantial in character. Judge Flammer remarked that from the apparent straightforward story of the prisoner, and his tenuner so free from restraint, he could hardly thank that he would commit such an net. He was willing to give the accured hand every opportunity to show his innocease, and would therefore adjourn the further examination of the case until the latter part of the week.
